About Our College

"The only service to be done that education by which character is formed, strength of mind is increased, and the intellectual is expanded by which one can stand on one's own legs"

- Swami Vivekananda. Swami Chidambaram, the great Saint, poet, and scholar widely known for the power and depth of spirituality, was inspired by this idea and founded Sri Ramakrishna Tapovanam, with the goals of propagating spiritual and moral values among the public and promoting women's education. Sri Sarada Nilayan College for Women, Kodaikanal, is one of Tapovanam's colleges that was founded in 1987. Character development and cultural instillation are the foundations upon which the superstructure of modern education is built here. The college's educational vision and mission is the harmonious development of students.

About Our Department

The department of Mathematics is one of the college's three oldest departments. It was created by hand in 1987, at the time of the college's inception. Mathematics courses are available at both the postgraduate level in the department. In 2004, the M.Sc. in Mathematics degree was introduced. Mathematics is also available as an allied subject to B.Sc., Physics, Chemistry, and as one of the major papers for B.Sc., Computer Science. The faculty of Mathematics teaches the Mathematical foundation for Computer Science course for the MCA programme.

About the Seminar

The seminar's main goal is to make students / young staff members aware of their knowledge base, as well as to encourage students to learn interesting facts and applications of mathematics.

Instruction for registration of delegates for participation

- Women scholars / students are the only ones who can participate
- Guest faculty members are welcome to participate
- All delegates who wish to participate are required to bring an impression ID card
- On-the-spot registration
- Student registration fee: Rs. 200
- Scholars / Academicians: Rs. 250

Technical Session 1:

"Interesting facts and applications of Mathematics".

Technical Session 2:

"Quicker Mathematics".
